# WELCOME

Welcome to the International Youth Arts Festival, now in its sixth year and blossoming much like a child into an independent, creative, flourishing thing sometimes with so much life and dynamism we are not sure which way it's going to run!

I am delighted to welcome you all, audiences and participants, to join us in Kingston for what I am sure is going to be the most spectacular festival yet. The magic the festival brings is very special to all of us, allowing our local community and audiences from around the country of all ages to enjoy the talents of the very best of young people's work from around the world.

Young trainee project managers have spent months preparing and programming events for the festival, a team of over 25 students from across Europe are running our press team, 2 phenomenally talented young people created this beautiful brochure and our incredible team of volunteers are the cogs that make the festival dance, working in the production office, backstage, looking after visiting companies and driving our marketing and publicity forwards.

I would like to thank the young people we work with who inspire us every single day; without listening to their ideas this festival would be a far less joyous place. I would also like to give enormous thanks to all the staff, mentors, steering group and trustees who provide support to the young people we work with and share their skills and experiences which allow these ambitious ideas to see the light of day. A huge thanks also goes out to our sponsors, partners and funders - without whom Creative Youth's work would simply not be possible.

I hope you all have a wonderful festival. My last words of advice - buy a festival pass - it gives you access to every single performance at the festival for an unreasonably cheap price! Come and see our opening concert, Raise the Roof on the 11th July and get a taste for what's coming up. Mostly. Enjoy yourselves. Eek every moment out. Smile. We only get this once a year.

Aniela Zaba  
Artistic Director  
Creative Youth

## DOG SEES GOD

CONFESSIONS OF A  
TEENAGE BLOCKHEAD

What would happen if the PEANUTS gang grew up?

Dog Sees God: Confessions Of A Teenage Blockhead is a hilarious yet poignant story about the teenaged versions of Charles Schultz' PEANUTS characters. This is a story of them trying to deal with the trouble in their lives be it drugs, self identity and sexuality.

RECKLESS PRODUCTIONS brings their highly acclaimed production of Dog Sees God to the IYAF after enjoying a sold out run in the Cork Arts Theatre in Ireland last summer.

*"Everyone needs to see this show!"*

*"Cast were excellent. Be proud. Be very proud."*

## Maliha's Art - Rose Theatre

Maliha Abbas Abidi - [facebook.com/malihaabbas95](https://www.facebook.com/malihaabbas95)

I will be displaying a splash of different cultures through my paintings at this event. My work shows women of Kalash (a small village from Pakistan) and how their culture is so rich yet Pakistan is known for terrorism. I have done many projects on few countries to show the good side of that country through its culture and to bring nations closer. My exhibition at IYAF is another way of bringing nations closer and spreading love. Peace.

## The Green Brain

Thinking of the Future

The Green Brain works with a range of public, private and not for profit organisations to help them in their strategic planning and communication.

One thing that most successful and sustainable organisations have in common is their creativity and their support and encouragement of new ideas.

The UK's creative industries have a proud and profitable record internationally. For this to continue is it important that we educate, mentor and support young people in their work.

We are proud to support Creative Youth and their Creative Talent programme that identifies and supports the next great generation of cultural entrepreneurs.

We are delighted to support this years International Youth Arts Festival in Kingston celebrating some of the best in local, national and international arts.

# CREATIVE TALENT

In 2010 Creative Youth launched its CREATIVE TALENT programme which identifies young and emerging artists and gives them the artistic, business and strategic support to become flourishing, challenging, exciting organisations of the future. The programme provides year long support to the practitioners we believe will shape the future of the arts in the UK. In 2013 we began to see real success with the first three companies graduating from the programme as self sufficient flourishing organisations.

The nine companies that Creative Talent is currently supporting are:

## **Circus Suburbia**

Circus Suburbia is a dynamic, young, contemporary circus company providing high quality entertainment at events and festivals as well as circus training, workshops and community engagement.

**Circus Suburbia cabaret showcases at the ACT Main House on Sunday 20th @ 1.30pm & 5.30pm & Monday 21st @ 8.30pm**

*"The supportive nature of the charity means that we can try new ideas, take risks and find out what works, but most importantly, allows us to give performance opportunities to our Youth Circus and the chance to teach them about the entertainment industry."*

## **Smoking Apples**

Smoking Apples create inspiring and freeing theatre using a unique style and approach to creating an alternate kind of puppet theatre. They aim to ignite the adult imagination by sharing beautiful stories about the strengths and intricacies of human nature.

**Smoking Apples perform In our Hands at the Rose Theatre Studio on Tuesday 22nd @ 8.30pm & Wednesday 23rd July @ 6.45pm**

*"We are very proud and keen to include the charity in the work we do where possible, and to repay their faith in us by showing dedication to our creative work."*

### **By Moonlight Theatre**

By Moonlight's aim is to create exciting, innovative and fearless theatre to encourage audiences to re-visit classic texts with them in fresh settings. Their engaging and open ensemble style is full of energy and movement which is quickly becoming its trademark.

**By Moonlight perform The Miller's Tale at the Rose Studio on Monday 21st @ 4.00pm, Wednesday 23rd @ 8.00pm & Sunday 27th @ 5.00pm**

*"Creative Talent has helped us develop as a company and transformed our hobby into our profession. By Moonlight would not be a company is not for the Creative Talent programme."*

### **Filskit Theatre**

Filskit Theatre is an all-female ensemble with a passion for micro-projection. With an innovative use of technology they create work that ignites the imagination of children and adults alike.

**Filskit perform At the Bottom of the Garden at the Roswe Studio on Saturday 19th @ 1.45pm & Sunday 20th @ 11.00am**

*"Joining forces with Creative Youth has helped us to think about ways in which we can turn our theatre company, our labour of love into a sustainable business. The mentoring and support that Creative Youth offer, enables us to turn our ambitious plans into a reality."*

## EDDance

EDDance is a London-based company of dance artists under the direction of choreographer Edd Mitton who enjoy working in a variety of styles and spaces, but always share a commitment to making work for performance which is beautiful, intelligent and accessible.

*"It's wonderful to have the support of Creative Youth. Their experience of management, budgeting and all the 'behind-the-scenes' stuff that goes into producing art work is really valuable as a young artist, and our regular meetings and mentoring sessions help keep my process on track. Ultimately, their confidence in me and my work is a real boost."*

## Tankus the Henge

The world of Tankus the Henge is uplifting and wild, dark and heartfelt. A six piece powerhouse of a band drawing visual and musical influences from old time fairgrounds to modern day circus; The Beatles to Tom Waits and Gogol Bordello to Radiohead, they embody a look and a sound that lies somewhere between their South East London home and the carnival town of New Orleans.

**Tankus the Henge performs  
The Last Waltz at the Rose Main House  
on Thursday 24th July @ 8.30pm**

## Page One Theatre

Page One Theatre create innovative theatre for young audiences to inspire, challenge and feed the imagination. The company is committed to staging accessible and innovative theatre full of surprise and delight with a universal appeal.

**Page One Theatre performs Made up Stories from my Unmade Bed at the Rose Studio on Sunday 13th @ 1.00pm & 5.00pm & Tuesday 15th July @ 10.00am & 3.00pm**

## 'AndOn Theatre

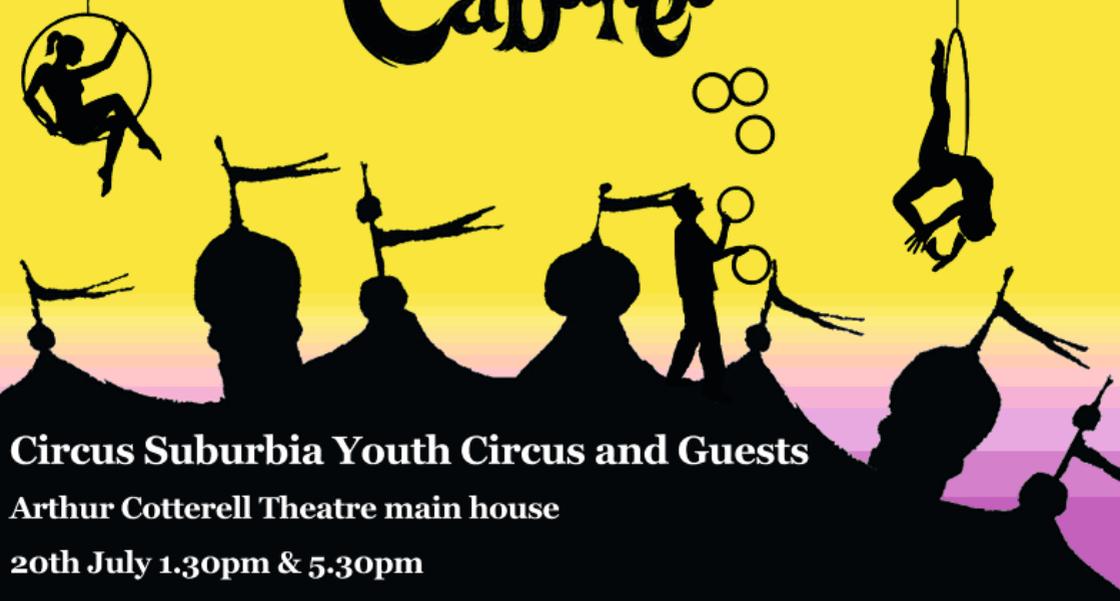

Founded in 2013, but a long time in the making, 'AndOn Theatre, make no apologies for who they are and what they do: a theatre-loving family that creates to inspire and affect. They strive to make it real and keep it simple, and spark stories from the raw and the irrefutably interesting.

**'AndOn Theatre perform Game at the Ram Jam Club on Sunday 13th @ 5.00pm, Monday 14th @ 7.00pm, Tuesday 15th @ 6.30pm & Thursday 17th @ 7.30pm**

All Creative Talent companies will be artists-in-residence for the duration of the festival. Some perform established shows and some share work in progress to gain your feedback. They will also be collaborating, leading workshops for the public and testing new work in 'scratch' nights. If you would like a tailor-made workshop, a Q&A session or any advice and tips from any of our artists in residence, then please get in touch at [hello@iyafestival.org.uk](mailto:hello@iyafestival.org.uk) and we will do our best to accommodate your requests!

# GET INVOLVED

## Join The Party!

Creative Youth and IYAF are only successful because of the commitment and passion of a wonderful team of volunteers, who can be seen around town during the festival wearing our colourful t-shirts with a smile on their faces, assisting many of our visiting companies and members of the public. Our volunteers also take on various other roles including taking snaps of the festival buzz, working alongside the technical team and reviewing the many shows and events! There are many ways to get involved for people of all ages and our roles are adaptable to suit your interests and skills.

## Front Of House Meet And Greet

An opportunity to use your best interpersonal skills! Welcome visiting companies to the festival, look after them throughout the day and assist in the management of the box office and front of house duties during performances.

## Press Team Photography, Video, Reviewing & Blogging

Document and capture the magic and spirit of the IYAF and other activities organised by Creative Youth throughout the year!

## Marketing And Publicity

Before and during the festival, helping us publicise over 350 events is a big job! Distribute flyers and posters, assist in mail outs, help with press and media, manage the Facebook / Twitter accounts and come up with your own ideas as to how we can market the festival.

## Event Technical Support

Help build the stages, rig the lights and mix the sound! You must have some previous technical experience to volunteer in this area.

## Mentors

Give one-to-one advice to company members, our Creative Talent companies and other volunteers that may need that extra guidance. Mentors need to be over 18 and undergo Disclosure Barring Service checks with Creative Youth.

## Event Management

Our event managers help us organise projects for the festival throughout the year and they bring their own creative flare to the table thinking of new ideas and features to include. Like a challenge? Then this role's for you!

*"I would recommend volunteering at Creative Youth to anybody of any age. The passion shared by the staff and volunteers is infectious and inspirational. I will never forget my experience at IYAF and will continue volunteering for as long as I can!"*

## Administration / Production

We're always in need of extra hands in the office. Positions are also available running our production office during event times. Strong, organised heads able to deal with bags full of chaos are needed here.

All of our volunteers work towards their Vinspire Award, a nationally recognised volunteering award. Volunteers meet regularly and our volunteer co-ordinators keep everyone in touch and make sure everyone is happy!

Positions are available throughout the year. If you would like to volunteer, please contact [volunteer@iyafestival.org.uk](mailto:volunteer@iyafestival.org.uk)

## Follow The Festival

Keep up to date with all the latest news, events and opportunities.

# IYAF 2013

*"I just wanted to send a big HELLOOO over to Kingston. I am finally back in my German everyday-life and the IYAF pictures on facebook make me want to come back instantly! I am sure you guys have a really good time and enjoy what you have created. Raise the Roof was an impressive, amazing night. We had so much fun! Thank you so much for making my time in Kingston such a great experience! I really hope I can find a way to join IYAF 2014."*

*"The Iyaf team proved to be extremely open-minded and supportive of my reportage drawing. Not only did they let me come up with a brand new kind of volunteering, but they gave me recognition, appreciation; they welcomed me in a family I knew nothing about. This experience is very precious to me, it is one of a kind, and I feel very lucky to be part of this fantastic festival!"*

*"IYAF has completely changed my career path. It was an incredibly eye opening and really taught me those things that you never ever learn behind the school desk.. I knew I was capable of doing the work that I do but I never really had the chance to see it myself. IYAF was extremely important for my career and I can't stress enough how lucky I was to be part of this lovely team."*

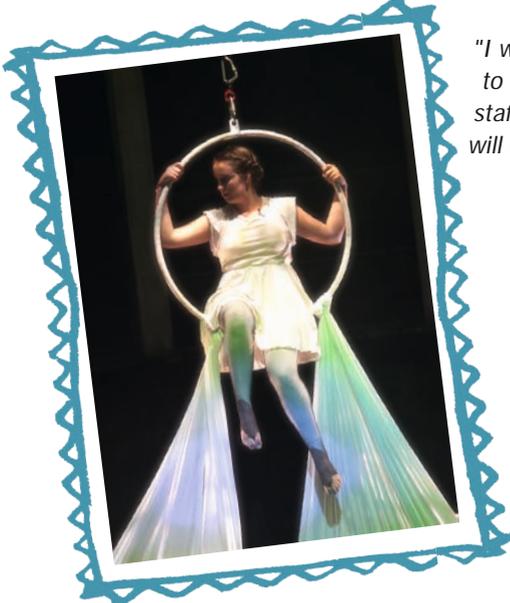

*"A privilege for Kingston to have such rich talent, spectacle, imagination and smile- and thought-provoking art on its cobbled plate."*

*"The Festival passes gave me and my family two weeks of eye opening, mind altering, laughter inducing, tear making fun at next to no cost. What a thrill to be able to see a different show every night in your own town. Bliss."*

*"Over the past two years I feel I have grown emotionally and mentally alongside the festival my confidence when talking to people of all ages has massively increased. I have found it easier to try new activities and take different jobs across the festival and I have taken opportunities which have led me to where I am today."*

*"I would recommend volunteering at Creative Youth to anybody of any age. The passion shared by the staff and volunteers is infectious and inspirational. I will never forget my experience at IYAF and will continue volunteering for as long as I can!"*
